

# PREPPING FOR YOUR BOOKING

## HOW DO I PREPARE FOR MY BOOKING?

- Send your hair & makeup inspo photos in advance. This helps our artists ensure we have allocated enough time for your glam!
- Arrive with clean, product free skin. Stick to your usual skincare routine leading up to the event for the best results.
- Ensure you have clean and dry hair. We recommend one day old hair as a safety. Chat to us if you're concerned

## WHAT MUST I BRING?

- Bring any hair accessories that you plan to incorporate into your look. We will then build your style around the accessory to ensure comfort and security!
- Bring any accessories that may impact your hair & makeup look

## HOW LONG DO YOU NEED?

- Makeup application takes around 45 minutes, depending on the complexity of the look.
- Hair & Makeup can take 1–1.5 hours, based on style and hair length.
- Times may vary depending on skin type, hair type, and desired look. Please chat to us with your inspo looks so that we can give an accurate time

## WHAT DO YOU NEED FOR THE BOOKING?

- Chat to your venue about the hair & makeup area. Confirm any space limitations or restrictions in advance. This will help us when planning out set up.
- We bring our own chairs & ring light. We just need a large enough table and plug points for setup.
- For hair, a mirror near a table & plug point is ideal.
- Natural lighting is best! While we have ring lights, natural light enhances the final look.
- Stagger arrivals for larger parties. A crowded space can cause stress and disrupt the glam process.
